

Hand spray for manual scalding

Convenient boil out process, easy access to flask baskets

Reliable polymerisation results

MADE IN GERMANY

Wassermann is a medium-sized, owner-operated company with head office in Hamburg. We design and produce high-quality technical devices in Germany. Our main users are dental laboratories, dental clinics and various industrial areas worldwide.

Why a Wassermann product?

Wassermann products are manufactured from high-quality materials and the proportion of plastics used is intentionally kept as low as possible. Our devices are known for their suitability for daily use, functionality and longevity. As a result, the users place high levels of trust in the Wassermann brand. We feel it is our duty to support our customers on a daily basis when it comes to safety, service and productivity. Technological perfection, optimum quality and especially sustainability are the benchmarks we set. Thanks to the combination of these values, the family-owned company, since its establishment in 1927, has gained worldwide recognition as a manufacturer of high-quality products.

Combination Automat

Wapo-Ex 8 Plus

Boil Out and Polymerisation Unit

The **Wapo-Ex 8 Plus** enables the automatic boil out or polymerisation of up to 8 flask halves, simultaneously and fully automatically. The relevant parameters are at once visible on the touch screen, the input can be made intuitively. The user can adjust the numerous parameters and options (such as week timer) to his individual requirements by simple programming.
